

2017 Road Construction / Closures from I-74 to Brookville

1. U.S. HWY 52 between New Trenton and Cedar Grove

** Closed for repairs until approximately May 1, 2017.*

2. Indiana State Road 1, Bridge just south of where Indiana 1 tees into U.S. HWY 52 will be one lane.

** Expect some delays. Road will remain open. U.S. 52 will be open to Brookville from here.*

3. U.S. HWY 52 (Main Street) in Brookville will be closed one block at a time while the street and sidewalks are re-finished.

** Work on Main Street has already begun and will continue through October 2017. Signs located where Indiana State Road 1 meets U.S. HWY 52 will say that the road is closed to through traffic, **however** you will be able to get all the way through Brookville using the suggested route outlined below. Anyone hauling a boat may want to follow the detour signs (or see Other Routes below) as the alternate route through Brookville mostly uses side streets, making it difficult to trailer a boat.*
